**Fleetwood Mac FAQ:  
All That's Left to Know About  
the Iconic Rock Survivors**

Ryan Reed

Professional yet playful, the book's most unique feature is its structure: a hybrid of historical breakdowns, Q&As, music criticism, and "best of" lists chronicling the band's influence and legacy. Included are interviews with former Fleetwood Mac members, producers, studio crew members, rock critics who've covered the group, and others who've been privileged to join the band's inner circle. Sure, the book touches on the band's notorious drug use, romantic affairs, and brutal infighting—more importantly, it also sheds fascinating new light on the band's innovative, ever-evolving music.
